With the new Chauffeur Shift Rosters and Flexible working hours, Iconic Chauffeurs will be allowed to take the company vehicle home with them.

When you are rostered on consecutive days working as an Iconic Chauffeur you will be allowed to take the vehicle home with you as long as you meet the required policy criteria as listed below. As per company policy if the vehicle is stolen or damaged and it is found to be your fault you will be liable for the excess of all insurance claims.

APPROVED Criteria to drive/take the vehicle home at the end of the shift.

This only applies if your Iconic Chauffeur roster meets the following criteria:

1. You are working on consecutive days in the roster.
2. Your rostered days off are not 2 or more consecutive days.
3. Approved by an Event Supervisor.

2. Keep the GPS tracker on until you have reached your home, as per point 1 above.
3. When you arrive at your home address find and park the vehicle in a spot where there are no trees, or find the closest spot where the vehicle is not parked under a tree. Parking the vehicle under a tree creates cleaning issues for the next shift as the trees drop leaves and the birds their droppings and we the vehicle would not be ready and clean for the next shift to run instantly. We can't have the vehicle cleaned at the beginning of each shift every time.
