Can we video record an event for a customer?

Please note that Customers are not permitted to record the show without permission.

IF the customer wants their show/event to be recorded, Iconic Productions have a specialised team of professionals who can record and and provide the customer with a DVD of experience. The content will be not be the full show and All recordings are now done in-house by Iconic Productions own team of video professionals. Yes. A professional edited DVD is then given to the customer. The edited version is a portion of the event and is not the whole event in its entirety.

The cost of the video recording and DVD is based on a P.O.A.

Contact the event management team for information on the cost, if required.

Customer can take Photos on the day of the event but must ask a supervisor who is present at the event (ie. Stage Manager, Actor's Captain or senior managment staff) for permission and approval before the show starts as the Artist'ss may not want their images being taken.
