Activities

In the clear activity page when I am trying to copy the number its not letting me. There is a red circle stopping me to copy it.

This is a known error in Firefox and Mozilla browsers and is not supported.

It is recommended that you use the latest version of Internet Explorer or Google Chrome.

With Internet Explorer and Google Chrome, you will still see the red circle, however if you double click in the field it will highlight the phone number for you to copy and paste into the Phone System.
