

## **NSW Department (dept) of Education Payment System Approved Payments for all Invoices for EdConnect NSW Dept of Education School Accounts Payable Shared Payment Service Centre**

This is only for **NSW Dept of Education School Accounts Payable Shared Payment Service Centre**, and is the allowed process of payment for all NSW Department of Education School and Corporate Accounts.

This payment options available for NSW Schools and NSW Department of Education Corporate Offices are:

1. PCard (credit card). This is the preferred way.
2. Invoice to be sent to the Gold Client Team/Department with EDConnect.

The 30-Day Setup for Schools and Corporate Education Offices was removed and the two options above approved was decided by Jaime Fenech (Director of EdConnect Finances) due to the following reasons:

1. Due to the thousands of events booked by the NSW Department Schools and Corporate Offices every year, the EdConnect was having issues processing the invoices and felt that this was the best and quickest way to ensure that all invoices are paid on time.
2. That the EdConnect legislation is now moving all schools and corporate offices with the NSW Department of Education to a PCard System to improve transactions, budgetting and processing.
3. To improve the payment processing of all the thousands of invoices received from events booked with Iconic Productions.
4. To avoid administration and late fees.

NSW Department of Schools and Corporate Offices can pay their purchases by:

1. PCard over the telephone
2. By Credit Card online Click on Iconic's Online Payment link <https://bookings.iconicperformances.com.au/Online-Payment-for-Security-Deposits--Balance-on-Invoice--and-other-Payments-for-Events--Products/>
