IMPORTANT: If your phone hold button looks like this 

with a red line over the microphone, it means you have pressed the button and muted the conversation with the customer. To unmute press the  again until it looks like 

2. Press the Hold Button 

and this will put the customer on hold.

3. To return to the customer and take them off hold, press the button that is displayed

.

To End the call (hang up) on the customer when finished press the  hang button.
