Product Availability Page

How to copy the link (web address URL) of a product for a customer?

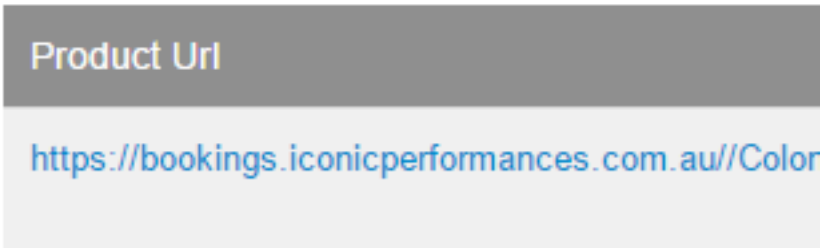

To copy and paste the link or web address (URL) of a product for a customer, in an email do the following:

In the Product availability page

1. Select the Product you want to have the link for.
2. Click on the TAB called "Copy Link for Customer"

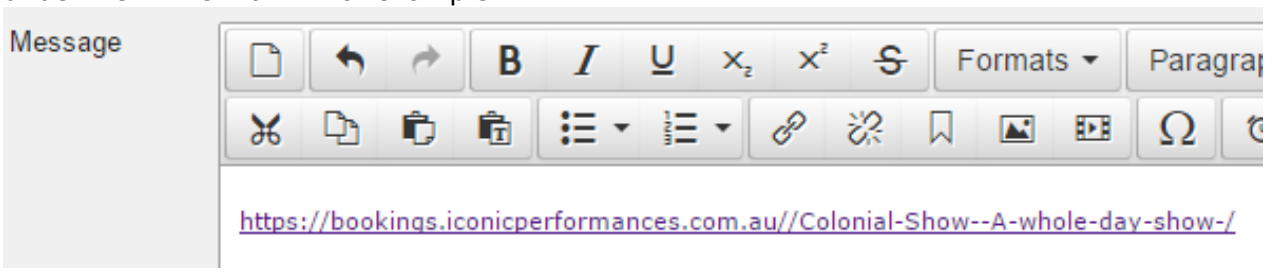

3. You will see the Product Link / URL.

4. Press the 

button to copy the link or URL.

5. Go to the Customer Detail page or Send Email page and paste the copied link / URL where you need it and then press the spacebar for the link to be active.
   Please note: If you do not press the space bar after pasting the copied link, the link will not be active in the email.Â You will know the copied link is active, when it shows with a underline in the mail.Â For example:
