Lync Server Phone System

4) How do I hang up, or end a call, or close a call on Lync VOIP Phone System.

To enda a call, close a call or hang up on a customer after finishing to speak with the customer do the following ...

Press the  button that you will see on the Call Status Window.

Sometimes if the customer hangs up on you first, the Call Status Window will close automatically.Â If this happens the hang up button will not display and you only need to close the Call Status Window.
