View Activity Task List Page

Column Filters in View Activity Task List and how to use it.

The View Activity / Task List has a Column Filter to allow for filtering the activities based on what you are seeking or requiring to find.

To use the Column Filters do this

1. Press the **Column Filters** Button 

2. A list of filters will show.Â To filter the columns for specific activities, simply enter the required text into the related column filters

...

3. The system automatically filters the activities by each specific entry in each specific column.
