

Staff security photo on Slack and how to upload it on staff account

For security reasons, all staff and contractors are required to upload a professional and sensible photo (that meets the Iconic standard) on their Slack Account.

To upload a photo on your Slack Employee or Contractors account, you are required to do the following steps from the Slack HELP manual.

1. Click on this link for instructions <https://get.slack.help/hc/en-us/articles/204092246-Edit-your-profile>
2. Scroll down until you see "**Upload a profile photo**"
3. Follow the instructions as displayed.
